

The World's Largest International Plastics Exhibition "PLASTINDIA 2023" concludes successfully

- *Witnesses high foot fall of _3.60 lakh Visitors over the five days*
- *The 1800 exhibitors identify newer business avenues and expansion potentials*

New Delhi, 6 February 2023: The 11th edition of now the world's largest International Plastics Exhibition PLASTINDIA 2023 has been a grand success. The 5-day conference (Feb 1st to 5th) witnessed a high footfall of 3.60 lakh visitors. One of the most comprehensive exhibitions for the plastics industry, around 1800 exhibitors showcased their latest world-standard processing machinery, raw materials, Recycling technology, and latest automation technologies in PLASTINDIA 2023. The exhibitors successfully reached out to potential customers and identified newer avenues for growing their business. Several high value Transactions were made over the 5 days.

A high-powered CEO Conclave presided over by Hon'ble Minister of Chemical & Fertilizers and Health & Family Welfare, Shri Mansukh Bhai Mandaviya ji was organized at the venue of the exhibition. Over 90 industry leaders and CEOs attended the Conclave and deliberated on how the Indian Plastics Industry can reach its full potential. It was agreed that the industry and the policy makers will walk hand in hand so that the policies can be encouraging to the industry instead of being a deterrent. The policy makers would be ready for iterations if there were edits to be made along the way to providing an apt environment for the Indian Plastics Industry to become the global sourcing hub. Shri Arun Baroka, Joint Secretary, Dept. of Chemicals, Ministry of Chemicals and Fertilizers, Govt. of India, was also present.

During the Exhibition, RBSM meetings was also organized in association with PLEXCONCIL, attended by over 300 plus buyers from various countries to source their requirements from India. The RBSM successfully brought potential overseas buyers of plastic products/ machinery & mold to India.

Speaking on the successful exhibition, **Shri Jigish Doshi, President - Plastindia Foundation**, said, *"I delighted to say that the largest edition of PLASTINDIA till date – PlastIndia 2023 has been a grand success. Since this was a business only exhibition with the entire range of offerings from the industry, right from raw material, to machinery, to finished goods showcased under one roof, both the exhibitors and the visitors found it very beneficial. The world is now looking at India and I am confident that with the right policy support we will soon emerge as the global sourcing hub for plastics."*

Shri Ajay Shah - Chairman, National Executive Council, Plastindia 2023 said, *"The outcome of PLASTINDIA 2023 has been very promising. The innovations and the technologies showcased will set the roadmap for the future. PLASTINDIA 2023 also brought together the industry's brightest minds who used the opportunity to network, explore and learn more about the industry. It also introduced and familiarized various businesses with state governments and city councils."*

Launched in 1990, the Plastindia series of exhibitions under the aegis of the Plastindia Foundation is closely followed in the industry and retains a permanent date in the corporate calendars globally. It provides investors and industrialists with a compelling doorway to global markets of

commerce and success. This exhibition is supported by Ministry of Chemicals & Fertilizers, Department of Chemicals & Petrochemicals, Government of India

About Plastindia Foundation

Established in 1987, PLASTINDIA FOUNDATION is the apex body of the major association, organizations, and institutions connected with Plastics focused to promote the development of the plastics industry and assist in the growth of Plastics and related materials. The Foundation is a nonprofit organization committed to the nation's growth through the development of the Plastics sector. The aim of the Foundation is to facilitate the export-led growth of the Indian Plastics industry and help boost exports both in volume and revenues. It aims to make India the number one destination and the preferred sourcing base of Plastic products in the world.
